

KLove radio serves me as a positive, Christian based radio station and provides wholesome music to me and my family. If KLOVE were to be replaced by an LPFM broadcaster it would have negative impact on this community by feeding worldly messages of selfishness, discord, and violence to young impressionable minds resulting in negative behavior, depression, and suicide. KLOVE brings messages of peace, joy, love, compassion and hope to our impoverished indian reservation. We do not want KLOVE to be forced off the air.
